

Library Materials

Types of materials

The following types of library materials are available in the stock of the Provincial Library and Information Services Directorate;

- Books
- CDs and sound cassettes
- Videos
- CD ROMs
- Periodicals
- Art prints are not available for lending to the public. It is used in libraries to illustrate aspects of the visual arts.
- Language courses are available on special request. Ask the local librarian to complete a special request form.

One public library does not have all the material on its shelves, but items not in stock are available through the Special Request System. Contact your local library for more information. The Central Information Services Subdivision in Bloemfontein can be contacted with queries and requests with which the local public library cannot help.

Material selection

Material selection is done by a selection committee representative of different stakeholders.

Delivery of materials

Materials are delivered regularly to libraries through visits by staff from the five District Offices.
