ACTING HOD'S MESSAGE

As the Acting Head of Department, allow me to first and foremost take this opportunity to officially welcome back all managers and officials who have been on leave during December holidays. It is my conviction that all of you who had taken leave during the festive period have rested and you are now energised to carry out the mandate of this Department with zeal and eagerness.

The work to ahead requires all of us to put our hands on deck and realise our Departmental vision of "Championing Social Transformation" through sport, arts and cultural activities.

If we are to truly build an active nation, we must all be committed to values and principles that underpin a conducive and successful work environment. In our case, we must continue to em-

brace Batho Pele Principles and put the citizens we serve first. Our Department must be accessible, open, transparent and be driven by service standards that meet the expectations of our people.

Welcome back to the New Year.

Me P.N. Thamae
ACTING HOD:
Sport, Arts, Culture and Recreation

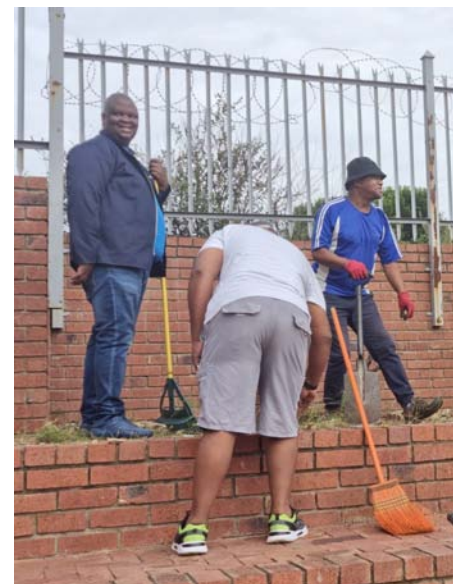

DSACR STAFF LEAD CLEANING-CAMPAIGN

From 04-06 February 2022, officials from the Free State Department of Sport, Arts, Culture and Recreation (DSACR) were engaged in a cleaning campaign across various Departmental premises, particularly where there are serious challenges for cleanliness. The Acting Head of Department (AHOD) Me Nokuzola Thamae made a strong appeal to all managers and officials to be fully involved in this

campaign. The AHOD commented that, “While efforts are being made by the Department to ensure that there is cleanliness in and around our buildings, through services that are from time to time procured and through our personnel appointed for this purpose, it is my considered view as the Acting Head of this Department that more needs to be done by all of us managers and officials in the spirit of patriotism and self-care.”

NEW PREMISES FOR HRM AND SCM DIVISIONS

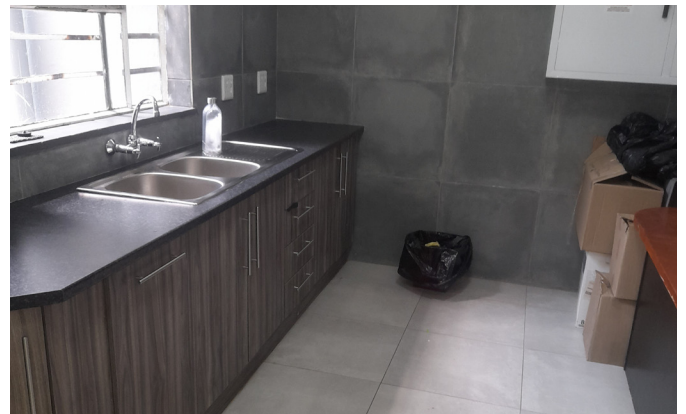

In an effort to improve working conditions for all officials, the Free State Department of Sport, Arts, Culture and Recreation (DSACR) has moved officials

who were previously working from the Warden Building to Zana Building in Bloemfontein. This follows a number of complaints from unions and officials

about the dilapidated condition of Warden Building. DSACR working through its Infrastructure Unit is engaged in a continuous process to ensure that all

officials who previously worked from Warden Building are settled at the new Zana Building. This move has affected Human Resource Management and Supply

Chain Management officials. A number of other infrastructure projects will be unveiled in the forthcoming financial year.
